

2	<p>D is the correct answer as speed = $f\lambda$ and $f = 1/T$</p> <p>A is not the correct answer as the speed of a wave is not related to amplitude</p> <p>B is not the correct answer as the speed of a wave is not related to amplitude</p> <p>C is not the correct answer as this would mean speed = λ / f which is incorrect</p>	(1)
